

No.	Students Group	Topic of Seminar
1	Othman Rizgar Muhammed Salim Rana Khalid Darya Norii	Organelle interactions within eukaryotic cells
2	Ezzadin Sulaiman Azad Muhammed Muhammed Abdulkhaleq Diyar Mahmmmod	Telomeres and cellular aging
3	Soz Huger Zhila Ahmed Rahma Lashker	Signal transduction pathways in cancer
4	Lawin Barevan Shahram Bilal Pasar Ali	Mitochondrial dynamics and energy metabolism
5	Shadar Saadi Tabarak Kais Kawther Kais	Osmotic processes and their role in cellular water homeostasis
6	Omer Ahmad Muhammed Tahir Zanyar Nasih	Structure and function of the plasma membrane
7	Lavin Salih Evan Ramadan Maryam Hassan Dilan Jamal	The cytoskeleton and intracellular transport
8	Lana Hikmet Delin Dildar Muhammed Jamal	Stem cells and regenerative medicine
9	Nivian Zirak Tevri Pahlawan Aws Muhammed Shaida Shivan	Lysosomal storage diseases and cellular dysfunction
10	Lana Azad Sara Ramadan Zayanb Faisal Khadija Saleem	Apoptosis and programmed cell death pathways

11	Sara Shivan Sora Abdulwahab Rujan Haji	Cellular immune responses to infection
12	Sidra Ameer Khamlin Natheer Rayan Jader	DNA replication and repair mechanisms
13	Sidra Safar Duaa Sagvan Jalal Dilshad	Cell-to-cell communication in multicellular organisms
14	Tara Sherzad Shreen Abdulrazaq Rahma Talaat Saada Faisal	Mechanisms of mitosis and meiosis
